

Bayana Sathish Reddy

AI analysites — Python Developer

8008925730 —sathishkumar30017@gmail.com

<https://www.linkedin.com/in/bayana-sathish-reddy>

SUMMARY

Computer Science Engineering student with hands-on experience in Python, Streamlit, Google Gemini AI, Prompt Engineering and n8n workflow automation. Passionate about developing AI-powered applications and solving real-world problems. likes learn new things and solve complex problems

PROJECT

AI Medical Assistant Telegram Bot

- Developed an AI-powered Telegram bot designed to assist users with medical-related queries.
- Integrated Google Gemini AI for natural-language responses.
- Worked with Telegram Bot API and Python-based backend logic.

Blood Donation Forecast — Machine Learning Project

Skillfied Mentor

- Developed a machine-learning model to forecast blood donation-related outcomes
- using a dataset of 748 records and 5 features.

EXPERIENCE

Machine Learning Intern | HR Shark

- Developed an AI assistant using Python, Streamlit, Google Gemini AI and n8n.
- Automated student query handling using Prompt Engineering.
- Designed an interactive interface for Smart Campus support.

Network Intrusion Detection System

- Developed a Python-based intrusion detection system for monitoring network traffic.
- Detected suspicious activities using predefined security rules.

EDUCATION

Bachelor of Technology (Computer Science and Engineering)

MVR College of Engineering and Technology

CGPA: 8.7

Expected Graduation: 2027

SKILLS

Programming: Python, SQL

AI: Google Gemini AI, Prompt Engineering, Generative AI

Automation: n8n, gemini api

Frameworks Streamlit

Core: Computer Networks, Cybersecurity

Tools: Git (Learning), Microsoft Office, ai tools

CERTIFICATIONS

AI & Automation Workshop • AI AGENTS WORK WORKSHOP • Academic Participation Certificates

ML INTERNSHIP COMPLETION HACKATHON PARTICIPATE

Problem Solving • Communication • Teamwork • Leadership • Adaptability
